

## DustPRO 1000 iQ

Fume Extraction System - DustPRO Range

## Datasheet

Technical Specification and Product Information

A system for medium to heavy-duty industrial applications.

The DustPRO 1000 iQ extraction system is ideal for medium to heavy-duty applications that generate large amounts of particulate. With a greater airflow than the DustPRO 500 iQ, it also offers significant filter capacity.

### FEATURES

- Long-life, low-cost replacement filters
- High contrast display
- Remote diagnostics via USB

Approvals: UKCA and CE | cUL | UL\*

\*cUL | UL: Tested to the appropriate standards, but testing may be provided by alternate nationally recognized test laboratories. Certain product configurations may affect the certification. Please speak to your sales representative.

\*\* Unrestricted airflow: The airflow values provided with clean filters, no hose kit, at 230 V, measured by using a wind vane. The numbers may vary depending on voltage and test procedure used.

\*\*\* Settable range: Donaldson BOFA recommends utilizing the lowest flow rate that achieves the correct capture velocity for your application in order to maximize filter life.

\*\*\*\* Noise level: At typical operating speed.

Datasheet correct at time of publishing. Where applicable, the carbon used in Donaldson BOFA systems is capable of removing a wide range of VOCs, however it is the responsibility of the user to ensure the carbon is suitable for their application. For specific applications, please contact us for details.

### Important Notice

Many factors beyond the control of Donaldson can affect the use and performance of Donaldson products in a particular application, including the conditions under which the product is used. Since these factors are uniquely within the user's knowledge and control, it is essential the user evaluate the products to determine whether the product is fit for the particular purpose and suitable for the user's application. All products, product specifications, availability and data are subject to change without notice, and may vary by region or country.

Approvals: REACH and RoHS. See individual product technical data for specific accreditations.
